Raiser

The Etac Molift Raiser sit to stand transfer platform is designed to provide active, safe transfer of the user and at the same time the best possible ergonomic conditions for the caregiver. It is ideal for short distance transfers such as to/from bed/wheelchair/ toilet and shower chair.

It has been specifically designed to provide a safe and comfortable transfer. Padding in the leg support improves stability and the handle offers many grip possibilities for both the user and the carer.

Also available is the Raiser Strap +, which can be easily attached to the transfer platform to enable either one or two carers to assist a user to their feet.

Key Features

- Helps to assist a user with sit to stand transfers
- Maximum user weight: 150kg (23.5 stone)
- Lightweight and easy to manoeuvre
- Padded leg support for added comfort
- Multiple grip options for both user and carer
- Raiser Strap + available to enable a carer to assist a user to their feet
