

Immedia SatinSheet Bed Management System

PRISM MEDICAL UK

Moving, Handling and Bathing Solutions™

Immedia SatinSheet System

The Immedia SatinSheet System enables a safe working environment for both the client and the carer, ensuring in bed turning and repositioning tasks can be completed easily and safely.

Completely interchangeable, the SatinSheet System features a base sheet and either a 2 direction or 4 direction draw sheet depending on the needs of the client.

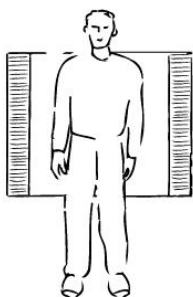

The Immedia SatinSheet Bed Management System has been designed to meet different levels of user's needs from slightly reduced/impaired mobility to a dependent user.

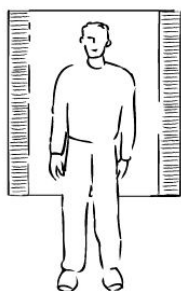

Base Sheet

Multiple sizes available to assist in moving hip area, hip/shoulder area or hips/shoulder/legs.

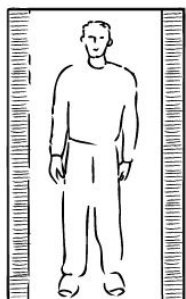

Multiple fit optionals available for Maxi sizes.
